

**SKILLS** JavaScript, React, Redux, Python, Flask, SQLAlchemy, Express, Node.js, Git, Pug, Jinja

## PROJECTS

Tequila With Strangers | (*JavaScript, Express, Node.js, Pug, CSS*)

[live](#) | [github](#)

- Utilized Pug and CSS to design the landing page which gives users a brief overview about Tequila With Strangers
- Used JavaScript to create event forms which allow authorized users to create new meet-up events in their city

PyPractice | (*React / Redux, JavaScript, Flask, SQLAlchemy, Python*)

[live](#) | [github](#)

- Designed 24 different achievement badges, constructed SQLAlchemy queries to track a user's progress and used React / Redux to implement logic in-order to display badges on the user's profile page
- Utilized React and Redux to construct user-profile pages where authorized users can view a list of all of their badges and achievements.
- Constructed back-end routes for user authentication that allows users to login, logout and sign-up.

Rate My Landlord | (*React / Redux, JavaScript, Flask, SQLAlchemy, Python*)

[live](#) | [github](#)

- Implemented querying logic using SQLAlchemy to compute and display the average rating for individual landlords.
- Used React / Redux to allow authorized users to write their own reviews and have them displayed on the corresponding landlord profile page.
- Implemented a full-text search feature using Flask and SQLAlchemy that allows users to search landlords by name and redirects them to their profile page.

## EXPERIENCE

Freelance Photographer

*Benjamin Pu Photography*

Jan 2017 - Present

- Founded a freelance photography business in the 2017 calendar year to create visual content for various brands, musicians, influencers and organizations.
- Specialized in wedding, portrait, live-concert, street and product photography.
- Utilized photo and video editing softwares such as photoshop, lightroom, and premiere-pro to bring my artistic visions to life.

Student Therapist

*Berklee College of Music*

Feb 2017 - May 2019

- Worked as an undergraduate student therapist at numerous senior-care centers, hospitals and early-intervention schools throughout the greater Boston area.
- Facilitated groups of up to 10 patients and lead them in group music therapy interventions in order to achieve both clinical and interpersonal goals.
